S Departrent f

TO MY MANY FROWER - MINDED FRIENDS AND CUSTOMERS.—For reasons that are perfectly obvious, I will not get out a descriptive catalogue this year-1945. I have added some varieties, and also discarded a few. The defense work I am now engaged on leaves but little time for yard and garden, consequently I don't have the time to do anything that is not a MUST item, and getting out a catalogue is not a MUST job. Also, most of my flowerminded friends and customers are reasonably familiar with most of the varieties that have been out in the trade for a number of years, and so do not need descriptions, although blooming dates might be helpful—so I have included blooming dates. These blooming dates are approximate only and advance as one goes south -for instance a variety in bloom here will not be in full bloom in New Orleans until a week later. And finally (I hope I will be pardoned for mentioning this), it is a fact that I now have such a list of customer-friends that I am certain my surplus will be taken off my hands in short order without the effort of preparing another catalogue.

All general terms, conditions and information mentioned in my former catalogues apply, and I will be glad to mail a copy of previous years descriptive catalogue so long as my supply of old catalogues lasts.

Anyway, listed within under approprite captions are the varieties I can supply plants of this spring. These will be plants—not rooted cuttings, (am not shipping any rooted cuttings this year) and they will be carefully packed and sent to you by prepaid parcel post. If interested in quantity, most standard and not-too-scarce varieties can be furnished in lots of 25 and multiples thereof, at 10 cents each, but this should be confirmed in each case before ordering, as I may be short on the particular variety wanted.

### F. A. SPIVEY

"The Chrysanthemum Man"

P.O. Box 574

MONTGOMERY 1, ALA.

#### GENERAL INFORMATION

15c varieties, \$1.50 per doz.; 20c varieties, \$2.00 per doz.; 35c varieties, \$3.75 per doz.

Shipments will be made April for the southern tier of states, and early May for the more northern states.

Most standards, pompons and hardies can be supplied in lots of 25 or more of one variety at around 10c, but this price should be confirmed in each case before ordering as some varieties are scarce and I could not ship in quantity at any price.

I spend considerable time in gathering, labeling and packing each order, and would appreciate in return a card stating their condition on arrival. This procedure has proved helpful in enabling me to do a good job even better.
